## Interim COVID-19 Precautions

### Donning of PPEs- Before entering the room

**1. Perform Hand Hygiene.**

When using Alcohol Based Hand Rub (ABHR), allow hands to dry before moving to the next step.

**2. Don fluid-resistant unsterile long sleeved gown.**

Should fully cover torso from neck to knee and should be secure at neck and waist.

**3. Put on a fit tested seal checked N95 respirator**

**4. Put on eye protection (Goggles or face shield)**

**5. Put on gloves**

Extend gloves over the isolation gown.
